

## Association Membership

### **Why must I Join Your Private Healthcare Membership Association to Purchase Your Products?**

If you know anything about alternative medicine, you know that the AMA, FDA, FTC and the pharmaceutical companies make life difficult for anyone who tries to manufacture, promote or sell anything, that actually helps people get well. They make so many laws that restrict what supplement manufacturers can do or say, that most supplements don't really do that much. We want to offer products that work extremely well, to actually fix numerous health problems.

We have found a solution to that huge problem! Government agencies have a mandate to protect "the public" but have very limited jurisdiction over 1st and 14th amendment, private membership associations. By being a private healthcare membership association, we are free to serve our members, with the help they so desperately need. Joining a private membership association is a small price to pay for such a wonderful freedom - the freedom to take charge of your own health! Do you really want the government to micro manage your healthcare choices?

To become a member of the Precision Herbs Private Healthcare Membership Association, we ask you to read and fill out a contract. You may fill out our contract online by clicking the link below or it is available here as an Adobe pdf document.
